Whatever your residential waste needs may be, Progressive Waste Solutions is here to help. One call does it all. We provide a full range of services at very competitive prices:

- Waste Collection Services and Hauling
- Curbside Recycling
- Yard Waste
- Bulk Waste Pickup
- Subscription Service
- Temporary Container Services

Waste Collection

We provide a variety of collection containers and sizes to make managing your trash easy and convenient, and offer cost-efficient schedules to pick up trash and dispose of it in environmentally responsible ways. Our highly trained and courteous drivers live and work in your community and take pride in doing their work safely and effectively.

"It's important for municipalities to demonstrate and advance new technologies, and to help facilitate new ways of reducing waste."

Dianne Watts, Mayor
Surrey, British Columbia

a successful recycling program for a wide variety of materials including paper products, glass (in some districts), plastic bottles, metals and other recyclable materials. Our single-stream recycling service, available in many cities, allows residents to place all their recyclable trash in one bin. We also will provide landfill

diversion reports that track the success of recycling efforts in your municipality.

Yard Waste Pickup

By recycling organic waste, Progressive Waste Solutions diverts it from landfills and converts it into materials to help our habitat. Organic waste can be recycled into compost, mulch and other materials, helping sustain our environment.

Diversion & Recycling Solutions

Progressive Waste Solutions offers multiple diversion and recycling services to help your community meet its sustainability goals. We can help you develop and maintain

Live & Local Customer Support

Your calls are always answered by a local representative who is an expert on your community and can respond to your questions and requirements quickly.

WE DO IT ALL

From collection to recycling to landfills, Progressive Waste Solutions has you covered. We are vertically integrated with end-to-end services: waste collection, hauling, disposal and recycling services customized to your requirements – all at highly competitive prices. Our residential services help municipalities, tenants, and homeowners meet their solid waste and recycling needs, and also provide specialized community and educational programs.

FREE PERSONAL CONSULTATION

Not sure what your community needs? Call your Progressive Waste Solutions consultant for a free evaluation on site or by phone. Our local representatives will recommend the best solution based on your community, location, quantity of waste, safety and budget. We'll also make note of any regulatory or compliance issues that need to be addressed, such as landfill diversion or removal of toxic materials, and make sure those are part of the plan.
